ULTIMATE SERIES

DESCRIPTION

The stylish and modern Ultimate ceiling mounted header box fan is the quietest and most powerful in its class. Its fully optimised inlet cone and centrifugal impeller design maximises air pressure that ensures rooms are quickly cleared of steam and unpleasant odours. It includes features such as a unique swing clip and removable spigot that makes it very easy to install into a standard 10" round fan cut out.

Typical Applications

Exhausts from residential or light commercial applications such as toilets, bathrooms, laundries, kitchens and ensuites. Its low profile compact design and side exhaust outlet makes it suitable for mounting between floors and applications with low ceiling heights such as cathedral ceilings.

Features

- Advanced impeller and housing design provides powerful air flow and minimises noise
- · High strength swing clips make installation easy
- Low resistance non-return backdraft damper maximises air flow performance
- · Easy to remove diffuser makes cleaning simple
- Can be retrofitted into a standard 10" round fan cut out
- Fitted plug and lead simplifies installation
- Square diffuser can be easily rotated to align with walls
- Available with a modern square or round diffuser
- Available with a 3 to 15 minute adjustable run-on timer

Construction

Housing and diffuser are made from injected moulded, fire retardant, ABS plastic. Fans are forward-curved centrifugal, driven by a squirrel cage motor.

Motor

Type - squirrel cage induction motor. Electricity supply - 230V, single-phase, 50Hz. Bearings - sealed for life, ball. See pages *O-2/3* for details on these motors.

Internal Thermal Protection

Automatic reset thermal protection is fitted as standard

Testing

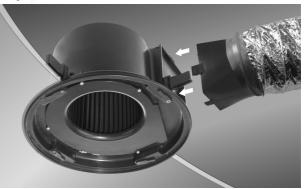

Air flow to ISO5801: 2007 Noise to ISO3744: 2010

Special Note

Timer models ULT29-150SDWT and ULT29-150RDWT include a plug and lead to suit HPM 4 pin socket.

SPECIAL FEATURES

Easy duct connection

Long clip-in spigot makes installation and duct connection easier.

Installation is made easy

Rotate swing clips to hold fan body in place.

Tighten screws so clips clamp onto ceiling board.
